

## Garbage Frequently Asked Questions

**How many bags are allowed per pick up date?**

**(10) 30 gallon bags or (15) 13 gallon bags per pick up day.**

**Is there a weight limit for trash bags?**

**Yes. Bags can weigh no more than 40 lbs. each.**

**Do you have to have a certain color/type of bag?**

**Not really. Typically customers use the black 30 gallon trash bags.**

**If I prefer to use a can is there a size limit?**

**Our carts are 96 gallon containers, but any size of personal trash can is fine. Garbage must still be in bags within cans.**

**Where does trash need to be located on pick up days?**

**Within 3 feet of the road; with an address clearly marked.**

**Do you take larger, bulk items?**

**Residents will need to call (Duncan Disposal) at least 24 hours in advance for a bulk item pick up. The bulk item can then be placed at the curb with the normal residential debris (once a work order has been generated for the item).**

**Do you accept recyclable materials?**

**Parker County does not have a curbside recycling program. However, there is recycling at the customer's local County Precinct Barn.**

**When can I place my garbage curbside?**

**Garbage can be placed curbside no more than 24 hours prior to the collection day.**

**Can brush and branches be picked up?**

**Yes. Please have brush/branches cut into reasonably manageable lengths (no more than 4') and widths, and bundle with twine. Bundles can weigh no more than 40 lbs.**

**What do I do if my garbage isn't picked up?**

**If your garbage was out by 6:30am and you haven't had pick up yet, please call the Water Department.**

**Can I put boxes out for pick up?**

**Yes. Boxes must be broken down and bundled. Bundles cannot weigh more than 40 lbs. Each bundle of boxes counts as one of the allotted bags per pick up day.**

**Important Phone Numbers:**

**Water Department – 817.441.7533**

**Duncan Disposal – 817.441.2303**

**County 4 Precinct Barn – 817.596.0004**
